RE: Certification of Conformance and Delivery for 6, 12, 18, or 24 inch Wood Stakes

To Whom it May Concern:

This document has been drafted to provide certification as to the origin, properties and delivery of Wood EcoStakes. The wood stakes are distributed by Western Green (WG). Properties and specifications of the material are provided on document number WG\_MPDS\_WoodSTAKEs-EcoStake, attached as reference. Installation documentation may be found at [www.nagreen.com](http://www.nagreen.com).

Since most WG products are sold to distributors and stocked, WG is typically unable to certify material type or quantity delivered to the project/project site. However, space is provided below for distributor/contractor certification of materials delivered to the project/project site.

To the best of our knowledge, the information included is accurate.
